TITLE: Investment Objectives and Guidelines

Montana University System Workers Compensation

SUPERSEDES: April 20, 2021

BOARD ADOPTION: November 30, 2021 REVIEWED:

# I. Appendix II: Insurance Funds: Investment Objectives and Guidelines

- A. Schedule II-B: Investment Objectives and Guidelines Montana University System Workers Compensation.
- B. Approved Date of Schedule: February 14, 2018.
- C. This Schedule is effective upon adoption by the Board and supersedes all previous Investment Objectives and Guidelines for this specific portfolio.

# II. Introduction

- A. The purpose of this policy statement is to provide a framework for the Montana University System Workers Compensation investments under the guidance of the Board.
- B. The Montana University System Workers Compensation began operations on July 1, 2003, as a self-insurance program to provide workers compensation coverage for the Montana University System. This is an operating account requiring significant liquidity. However, the Department of Labor and Industry requires the Program to maintain adequate reserves to meet the Program's anticipated and contingency funding needs in the event of adverse developments or uncharacteristically high costs, so investment in the TFIP is considered prudent to achieve a higher level of investment income.

## III. Statement of Purpose

- A. The purpose of these objectives and guidelines is to:
  - Establish the investment objectives and performance standards of the Montana University System Workers Compensation account.
  - 2. Provide diversified investment exposure within the guidelines in a prudent and cost-effective manner.

## IV. Investment Objective

# A. Strategic

1. The objective of the Montana University System Workers Compensation portfolio is to attain above benchmark total return within the parameters of the Investment Guidelines set forth below with an emphasis on investment income and preservation of principal.

# B. Performance

 Success in achieving this objective will be measured by comparing the risk and return of the account to the Trust Funds Investment Pool (TFIP) benchmark and the Short-Term Investment Pool (STIP) benchmark, each weighted proportionately to the portfolio's holdings, over a five (5) year moving average.

#### D. Investment Guidelines

1. The Board will have full discretion to manage the Montana University System Workers Compensation portfolio consistent with the investment guidelines stated below. Compliance with the following guidelines for permitted investments and other restrictions is the sole responsibility of the Staff. Any exceptions or compliance violations are to be reported to the Board at the next scheduled quarterly Board meeting.

- G. If at any time, due to market fluctuations or any other circumstances, any of the guidelines are not maintained, Staff will use its best efforts to conform to these limits in a timely manner, while considering current market conditions and the associated costs of rebalancing. At the Board's next regularly scheduled quarterly meeting, the CIO shall inform the Board of any cases that the allocations were outside the limits and either inform the Board of the actions that were taken to return the portfolio back within guidelines or a plan to do so.
